 7. Provide a list summarizing any pending or final legal proceedings involving you or your company that took place in any court of law, administrative tribunal or alternative dispute resolution process that was filed, settled or gone to final judgment within the last three (3) years. The summary need not disclose confidential information of a disputed allegation of fact or law, but must contain the allegations made and/or contested or findings of the court of law, tribunal or dispute resolution process. Failure to provide a full and accurate summary of legal proceedings may result in rejection of the proposal or termination of any subsequent contract.

1. Organization History:

Midtown was established in 1982 by Catholic Charities. Midtown was able to provide comprehensive services and direct assistance to 8 neighborhoods. This included year-round youth activities, community health initiatives and the city's first welfare-to-work program. To date, Midtown has engaged over 3,448 people in crucial support and services, serving as a reliable source for assistance and family support.

In January 2017, we became an independent 501(c) 3 organization. Our core goals are to provide children & teenagers with a safe environment that promotes healthy growth and development, to provide outreach to pregnant women & newborns by delivering pre & post-natal education in order to reduce the area's infant mortality, to provide the men & women in our community with a safe, inclusive & productive environment, to create a welcoming environment for open dialogue & discussions to foster community involvement & growth, & to break down barriers created by poverty, isolation, & prejudice.

Family P.R.I.D.E. (Parent Resources, Infant Development and Environment) is our critical outreach effort to help to pregnant women and newborns. It began in 1993 in response to very high infant mortality rates in our service area. Family P.R.I.D.E. provides outreach in homes, the community and with health care organizations to find and connect women to educational services and basic needs for young families. We are proud to note that this type of engagement is working. Though there are still unacceptably high infant mortality rates in St. Louis, 98% of babies born to our participants have been healthy! In 2017, we aim to help 30 mothers and increase participation to 50 women in 2018.

2. Services Performed:

Home Visits

Home visits are made to every family twice a month. The purpose of home visits is to address each client's individual needs, obstacles, concerns, health care needs, goals, etc. Individualized service plans are developed to work towards parent's goal. Home visits address social, economic, or emotional crises and build on parents' strengths.

Proud Start Workshops

Proud Start Workshops aim to create a comfortable, supportive and fun place for expecting and new mothers to discuss a range of pertinent topics. This education provides our parents with important information that helps them work towards a healthier pregnancy and lifestyle for their infant. There is a focus on prenatal care, smoking, alcohol and un-prescribed drug use, second hand smoke, post partum depression and weight control and nutrition.

Friends Around the Neighborhood

Friends Around the Neighborhood playgroups are designed to contribute to the cognitive, physical, social and emotional well-being of our infants. A playgroup can significantly help children develop social skills, gain independence and build self-confidence.

Proud Start Parenting Association

PSPA is designed to focus on development during these early years of childhood. In the early years of childhood, the basis of intelligence, personality, social behavior and capacity to learn and nurture oneself is formed. The quality of this development determines one's competence and ability to function in these capacities as an adult. Research has shown that brain development is most rapid during the early years of childhood. If the quality of stimulation is insufficient, the child's development can be seriously hindered. PSPA wants to help you create and nurture a strong early development for your child.

Family PRIDE Store

Family PRIDE offers a store monthly to participating families. Families will receive Family PRIDE Bucks for each playgroup, workshop or home visit contact. During the store, families can reimburse their Family PRIDE Bucks for needed supplies for their newborns/infants, such as diapers, wipes, formula, clothing, bottles, baby friendly hygiene products, etc.

3. No current contracts for similar services.

4. No contracts lost in the past two years.

As an agency, we separated from Catholic Charities at the end of 2016. They received cuts in funding from the ACA and United Way and therefore had to close many agencies. Catholic Charities provided our organization with the opportunity to move forward due to our strong programs and long term presence in the community.

5. Our organization works with families on or below the federal poverty level. Using a variety of programming, as well as connections to outside resources, our staff works to help offer our community members access to connections and resources to realize their full value and potential. Our organization works to empower our community members and work towards a stronger and self-sufficient future.

6. Included the list of Board Members, their roles, occupations and place of employment.

Included organizational chart.

Midtown's community partners include Voices of Women, City Greens Market, St. Cronan's Parish, SLU, St. Louis College of Pharmacy, SSM, Park Central

Development Corporation, University of Missouri Extension, Forest Park
Development Corporation and BJC Healthy Start Healthy Communities.

7. No legal proceedings involving our organization.
